MEMORANDUM

To: The Receiving Report

From: Eva Cantu 

Date: August 15, 2006

Re: *Documentation of Supplier Name Change – Amide/Bertek/Mylan*

The products that were supplied by Bertek and manufactured by Amide; are now being supplied by Mylan. However, the product label and insert still reflect Amide/Bertek. Until the supplier's product label and insert reflect a name change, UDL will continue to record Amide/Bertek on its product specification and labeling.

This memorandum will be placed in the batch record to explain the inconsistency of the supplier/manufacturer name on the paperwork/documents within the batch record.

**UDL LABORATORIES, INC.  
MEMORANDUM**

**TO:** The File  
**FROM:** Peggy Finch  
**DATE:** December 11, 2006  
**RE:** Documentation of Amide Pharmaceuticals and Actavis

As of December 20, 2005, Actavis acquired Amide Pharmaceuticals. Amide has begun adding Actavis to its documents; however, its product label and insert still record Amide. During this transition period, some UDL documents within the batch record will reflect Amide and/or Actavis. Once the name change is reflected on the product label and insert, UDL will update its labeling and documents.

This memo will explain the inconsistency of Amide and/or Actavis observed on the documents.

A copy of this memo will be attached to the affected receiving reports.
